General Sessions

#1 Sunday, January 24, 2010

#2 Sunday, February 7, 2010

These sessions are designed to give each player professional instruction in such vital areas as hitting, pitching, defense, and base running. There will be individual attention paid to each player. This will be a hands-on clinic where participants will be working to improve their skills. Players in both sessions must bring sneakers (no black soles) and baseball glove. You are also encouraged to bring batting gloves and bats, although bats will be provided. Catchers should bring their own gear and protective cup. Players will be grouped by primary position and will hit equally.
