THE PROGRAM

This is a camp for boys of Little League age (8-12) who like the game of baseball and are interested in learning more about the game while having fun. The program is designed to provide instruction in the fundamentals of baseball. This instruction will be given by college coaches and players.

An emphasis will be placed on proper throwing, fielding, and hitting mechanics with a variety of take home drills explained for each.

Drill segments and game play will be geared so that all players, beginning and advanced, will experience success.

In addition to having fun, we will attempt to convey the importance of the hard work, repetition, and desire needed to play at higher levels.

It is with these thoughts in mind that this camp is offered.
